

BS-3104 Desktop Parted Laser Blood Sampler

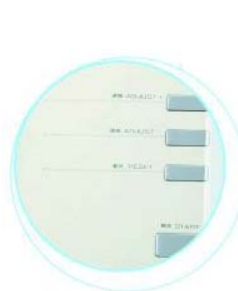

>Application:

Biosun BS-3104 is our new generation intelligence Desktop Laser Blood Sampler. Both the key parts, which are imported from Russia, and the Microcomputer control system make the interface clearer and the operation easier.

>Features:

- Intelligent Operating System.
- Large LCD Screen.
- Rotation Angle and Elevation Angle Adjustable.
- Single-hand Operation.
- Parted Structure, Airproofed Shield.

>Specification:

Dimension & Weight		
	Dimension	200*210*330 (mm)
	Weight	4.3 Kg (Net)
Power Supply		
	Charger	Input AC 100~240V / 50~60Hz Output DC 12V / 2A
	Battery	3.3Ah / 12V
Laser Specification		
	Laser Module	Solid Laser
	Wavelength	2.94 μm
	Work Style	Single Pulse
	Pulse Range	400 μS ± 10%
	Pulse Interval	≤18S
	Pulse Energy	550 MJ(Max)
	Energy Stability	≤10%
	Safety Standard	IEC60825-1
Operation Environment		
	Temperature	5℃~40℃
	Relative Humidity	30%~75%
